Re: PAI SARANT

WA. RAYMOND COOPER 25-8999

Security Matter - C

Attached hereto is evidence indicating captioned subject is (was) a member of the Greenwich Village Club, 1st and 2nd A. D. Section, Communist Political Association, Manhattan, New York. This information was furnished to the writers by [redacted] Freda John, Membership Coordinator of the Greenwich Village Club on August 8, 1944. The photographic negatives of attached is being maintained in the exhibit envelope of New York File #100-26603.

Listed hereinafter are the various abbreviations, which may appear on the attached, and what is believed to be the meaning of each:

- "R" Registered for Communist Political Association
- "NR" Not registered for Communist Political Association
- "P. N." Party Name
- "H.M." in right hand corner No party mail to be sent to member.
- "N.M." in lower left hand corner Active in "New Masses"
- "#ED" Number of Election District
- # Appearing in upper left hand corner Communist Political Association Card Number
- Name appearing in parenthesis Member's true name.
- # Appearing in lower left hand corner Member's age.
- Phone # Member's telephone #

"Tr. in" plus date

Date member transferred into Greenwich Village Club.

OCT 3 - 1944

"Tr. out" plus date

Date member transferred out of Greenwich Village Club

"S. V."

Sacco-Vanzetti Club

"R" plus a number

Registered for Communist Political Association and given CPA card #___.

"Reported in" plus date

Date member reported into Greenwich Club on transfer

"M. at L."

Member at Large

"MARCANTONIO" in lower left hand corner

Canvasser for Congressman Vito Marcantonio during recent primary

Address plus #

Member's address and postal zone number.

It is to be noted that the meanings of these abbreviations are merely assumptions by the writers and are not known to be facts at present.

In the lower left hand corner there usually appears the member's employment, union membership, race, if not white, and party activities. Where the notation such as "(with Bill W)" appears, for example, it is very probable that the member's spouse is also a member of the Greenwich Village Club. Where a member's name is crossed out, this probably indicates the member has been transferred out of the Club into another club, has not registered for the Communist Political Association, or has been dropped from membership. An explanation usually appears on the card.

ESPIONAGE - R

I called SA R. W. Wall of Albany and referred to his teletype of June 28, 1950, and pointed out that we had developed a great deal of information and if this were sent by teletype it would require considerable encoding and decoding. I advised that unless the material was needed immediately, we would send it up by report.

SA Wall said the above would be satisfactory.

RE: JULIUS ROSENBERG
ESPIONAGE - R

Investigation concerning Sarant Laboratories,
227 West 11th Street, New York City

On July 19, 1950, SA ROBERT F. ROYAL and the writer determined that the address 227 West 11th Street, was a basement store in an apartment building in Greenwich Village, New York City, and that this store was occupied by Jimmy's Radio and Television Service.

Contact was made with JAMES YATES, colored, who advised that he was the operator of this service, and that he had been in business approximate 3½ years, or since approximately the latter part of 1946. YATES stated that he knew the premises had previously been occupied by Sarant Laboratories because the superintendent of the apartment house, whose name is JOHNSON, had told him, and because he found plenty of papers with the name Sarant appearing on them, in the store when he assumed occupancy. He stated that he had destroyed these papers or had thrown them away in the trash, and said that other than these papers, the shop was empty when he found it, with one exception and that was a large metal drill press. He stated that this drill press was picked up a short while after he moved in by some movers in an old truck. He stated that he could not recall the name of the movers or any other facts which might aid in the location of same.

YATES denied knowing SARANT. He said that superintendent, JOHNSON, and other tenants had told him that the laboratory was operated *for*

by two men, and that he did not know the name of the second man. Several names were suggested to him, among them the name of BARR (JOEL BARR). YATES advised that the only name that sounded familiar was BARR.

YATES stated he had no knowledge how long the Sarant Laboratories had been in existence, and that he had received no mail or callers for SARANT or his associate.

The Agents observed that the premises of 227 West 11th Street consisted of a one room basement store, and that the further end had been partitioned off with a cardboard material to form a small store room. It was determined at the apartment house at which the Sarant Laboratories had been located that superintendent JOHNSON was on vacation and was expected back July 24, 1950.

Inquiry determined that the apartment rental were in the hands of SIDNEY A. HARRIS, 161 Seventh Avenue - South, New York City. MISS FERRY KRAVITZ, Secretary at Sidney A. Harris, Inc., Chelsea 2-8688, was contacted for information concerning the premises of 227 West 11th Street, and information concerning Sarant Laboratories. She advised that only MR. HARRIS would know, and that the records available to her at the office did not show the tenancy of Sarant Laboratories or the lease or time when YATES assumed that tenancy. (u)

Attempt was made both personally and telephonically by the writer to contact MR. HARRIS on July 20 and 21, 1950, unsuccessfully. However, MISS KRAVITZ stated that MR. HARRIS had said he might be able to help the Agents, and that he had hinted of a business connection between YATES and SARANT. Possibly, MISS KRAVITZ said, that YATES met SARANT and may have obtained his shop through him.

The current Manhattan Address Directory was checked and it was determined that JAMES YATES had a telephone at 227 West 11th Street, Chelsea 3-4396, installed June, 1949, and that Jimmy's Radio and Television Service was also listed at that number in December, 1949.

Burliegh Brooks Company, 10 West 46th Street,

the Burliegh Brooks Company from the Certowerke, Dresden, Germany. He
stated that the camera was sold in Europe under the trade name "Certo",
but when sold in this country was given the trade name "Bee Bee"; this
name standing for the Burliegh Brooks Company.

He stated that this camera has not been imported by the company
since 1939 or 1940. In describing the camera **[REDACTED]** said that it's
general design was almost identical with the Kodak Secomax, which it will

He stated that it is quite doubtful that the camera can be traced through the lens number. However, he stated that if the box number were made available he may be able to furnish some information concerning it. He stated that this number could be located on the back of the camera after removing the ground glass.

It is therefore suggested that a teletype be sent to the Albany Office asking them to ascertain the box number of the camera, size of the film used, make, F valuations, and the focal length of the lens. Also the Albany Office should be requested to discuss with SARANT whether he used cut film or film pack, and whether or not he had a roll film adapter for the camera. Inquiry should also be made of SARANT as to the number of cut film holders he had for the camera, and where he obtained them. Also he should be asked where he bought the film which he used in the camera.

b1

It is to be pointed out that the 9 x 12 cm film is a rather odd size, and while obtainable in the United States, is at times rather difficult to obtain, and SARANT may have had difficulty if his camera was the 9 x 12 cm size, particularly during or shortly after the war.

RE: ALFRED SARANT

Background information concerning W. BRUCE DAYTON set forth. Information received that one JOHN SARANT, described as Cornell Electrical Engineer, spoke at Wallace-for-President meeting in Binghamton in 1948. Reliable information received that SARANT is actively engaged as a painting contractor in Ithaca area. Results of mail cover and toll call check set forth. He has received mail from Federation of American Scientists and Ithaca ALP. Most of telephone contacts are in New York City. Toll records reflect telephone contact with Dr. HANNAH PETERS, Rochester, New York, wife of BERNARD PETERS.

The Ithaca City Directory lists JOHN H. I. MORSE as the occupant of the apartment at this address and indicates that he is a student at Cornell University. The files of the Registrar's Office, Cornell University, reflect that MORSE is in the School of Electrical Engineering, Class of 1952. He entered

Cornell in the Fall of 1940, being admitted from Phillips Academy (Andover). He was born September 24, 1922 at Stamford, Connecticut, and was on leave of absence from the University from September 1942 to June, 1943. His file contained no derogatory information. The files of the Albany Office contain no record of MORSE.

The following information was obtained concerning W. BRUCE DAYTON, reported close friend and next door neighbor of SARANT, from [REDACTED] b7d
[REDACTED] Physics Department Office, Cornell University: He has been a graduate student in Physics since March, 1946. He now has completed all work towards his Ph.D. Degree but will not receive his diploma until September, 1950. He was born February 10, 1918 at St. Helena, California, attended Sacramento Junior College from 1934 to 1937, receiving an A.A. Degree, and attended the University of California from 1937 to 1941, receiving an A.B. Degree in 1939 and later doing graduate work. His father, WARREN P. DAYTON, resides at 1833 Los Robles Boulevard, Sacramento, California. His employment record is as follows:

Reader: Physics Department, University of California, 1938-1940.

Teaching Assistant, University of California, 1941.

Research Physicist: Degaussing Project (US Navy), San Francisco, 1941-1944.

Research Physicist: Rocket Project (OSRD), California Tech., Pasadena, 1944-1945.

b7d [REDACTED] advised that DAYTON intends to leave Cornell in the very near future, but that she does not know what his plans are.

b7d [REDACTED] was recontacted, but he could furnish no additional information concerning SARANT.

Confidential Informant T-1, of known reliability, furnished a photostatic copy of an undated photograph and article that appeared in the "Binghamton Press" during the 1948 presidential election campaign. The article states that JOHN SERANT, Electrical Engineer from Cornell, was a speaker at a Triple Cities Wallace-for-President Committee meeting, and includes a picture of SERANT in a group photograph of persons at the meeting. This

AL 65-1626

individual is most probably identical with suspect, since Cornell University files record no former staff or faculty member with this name. The files of the Albany Office contain no record on either JOHN or ALFRED SERANT.

Confidential Informant T-2, of known reliability, advised that he is personally acquainted with SARANT. He stated that SARANT is self-employed as a painting contractor in Ithaca and has been so employed since about the first of the year. He has two men working for him and reportedly he has an interest in LaRock's Paint and Wallpaper Company, 537 West State Street, Ithaca. Informant stated that he has seen some of the work performed by SARANT and that it is highly satisfactory. He added that SARANT is very gifted mechanically and that his new home, which he constructed himself, is a showplace. Informant advised that SARANT has told him that his father is quite well to do and that his brother has one of the largest Ford agencies in Long Island. He stated that SARANT has little money and that his home and property are mortgaged to the fullest extent. Informant added that he has two children, both quite young, and that SARANT has impressed him as a respectable sort of individual. SARANT has told informant that he intends to remain in Ithaca and that he hopes to gradually increase his contracting business. He also has told informant that W. BRUCE DAYTON wants to sell his house and leave the city.

Confidential Informants T-3 and T-4, both Communist Party members, advised that SARANT is unknown to them. These informants have an extensive knowledge of Communist activities in the Ithaca area.

Through the cooperation of E. F. SLOUGHTER, Ithaca Postmaster, a mail cover was placed on all mail addressed to suspect's residence at R. D. #1, Cayuga Heights Road, for the period of May 4, 1950 to May 18, 1950. This cover reflected that he received mail from the following during this period:

National Guardian, Chicago, Illinois
Ithaca American Labor Party
The Progressive, Madison 3, Wisconsin
Scientific American, 24 West 40th Street, New York City
400 Triphammer Road, Ithaca (This is the address of the West View Terrace Apartments)

Enclosed herewith are six enlargements made from a group photograph obtained by agents of this office from ALFRED SARANT. It is requested that you exhibit them to Mr. & Mrs. MAX ELITCHER and to Mr. & Mrs. DAVID GREENGLASS.

Cleveland is requested to exhibit these photos to WILLIAM PERL, wa., and to MICHAEL SIDOROVICH.

It should be noted that the figure appearing at the extreme right foreground of the group in profile bears a definite resemblance to JULIUS ROSENBERG. At the time this photo was shown to SARANT, he identified this individual only as MARTY or MONTY.

SARANT identifies the people in the foreground from left to right as:

JOEL BARR - right partial profile

Woman, probably VIVIAN GLASSMAN - back to camera, carrying large knapsack.

Man facing her not known.

Woman in T-shirt and jeans, Mrs. SARANT

Woman, left profile, in hiking boots not known.

Half face of woman appearing behind her, BETTY SANDERS.

Man known to SARANT as MORTY or MONTY.

SARANT states that this was a casual hiking trip taken late 1944 or early 1945 when they first met and September 1946 when they left New York.

Enclosed herewith are six enlargements made from a group photograph obtained by agents of this office from ALFRED SARANT. It is requested that you exhibit them to Mr. & Mrs. MAX ELITCHER and to Mr. & Mrs. DAVID GREENGLASS.

See -

Cleveland is requested to exhibit these photos to WILLIAM PERL, wa., and to MICHAEL SIDOROVICH.

document

It should be noted that the figure appearing at the extreme right foreground of the group in profile bears a definite resemblance to JULIUS ROSENBERG. At the time this photo was shown to SARANT, he identified this individual only as MARTY or MONTY.

SARANT identifies the people in the foreground from left to right as:

- JOEL BARR - right partial profile
- Woman, probably VIVIAN CLASSMAN - back to camera, carrying large knapsack.

- Man facing her not known.
- Woman in T-shirt and jeans, Mrs. SARANT
- Woman, left profile, in hiking boots not known.
- Half face of woman appearing behind her, BETTY SANDERS.
- Man known to SARANT as MORTY or MONTY.

SARANT states that this was a casual hiking trip taken late 1944 or early 1945 when they first met and September 1946 when they left New York.

SUTEL any pertinent information developed.

RE: ALFRED SARANT
ESPIONAGE - R

I called Inspector Belmont of the Bureau at 4:30 PM today and advised him that in connection with an investigation into the SARANT Laboratories, 227 West 11th Street, New York City, agents of this office had interviewed on routine inquiry one JAMES YATES.

In reviewing the Indices on YATES it was ascertained that he is the subject of a [REDACTED] investigation entitled "JAMES YATES, wa, Jimmy Yates." I told Inspector Belmont that the last report was a closing report submitted by SA James J. Hayes, dated July 28, 1949, New York. I advised him that we had just learned that YATES had contacted the rental agent and advised that he would be gone for a considerable period of time and was going to sell his radio shop. I requested the Bureau to grant the authority to interview Mr. YATES. Mr. Belmont granted this authority based on my recommendation. b7c

I called SAC Wall, of the Albany Office, at 10:00 AM this morning and advised him that we were considering recontacting GEORGE SARANT, brother of the subject, to see whether through talking with him frankly concerning this matter he could persuade SARANT to cooperate more fully in this investigation. I told him I wanted to check with him to see whether from the standpoint of the Albany investigation there would be any objection to this approach and he said he did not think it would adversely affect any Albany investigation.

Handwritten: 2/27/51 [unclear]
SAC Wall also requested that we send to them information in our files concerning VICTOR K. DAVID ROSS, father-in-law of SARANT. I told him this would be done.

SAC Wall, of the Albany Office, called me at 4:00 PM today and requested that when we interview SARANT he be questioned about JAVNA. I told him we had already considered that and were going to talk to him about JAVNA. He also suggested that we ask him about a receipt for a guitar which was found in his effects dated March, 1945, made out to MUTTERPERL, inasmuch as SARANT claims he did not know PERL at that time.

It was also suggested that SARANT be asked how many times he went to Syracuse, why and when. It was also suggested that we ask him whether or not VIVIAN GLASSMAN had contacted him in the last three months.
